

1) At the bottom of each screen, you will see a “Save” button, as in the image below.

Public reporting burden for this collection of information is estimated to average 75 minutes per response, including time required for searching existing data sources, gathering the necessary documentation, providing the information and/or documents required, and reviewing the final collection. You do not have to supply this information unless this collection displays a currently valid OMB control number. If you have comments on the accuracy of this burden estimate and/or recommendations for reducing it, please send them to: U.S. Department of State, A/ISS/DIR, 1800 G St. NW, Washington, DC 20520

2) When you click on this button, the following screen comes up. Click on the “Save Application to File” button.

**Save Confirmation**

You have temporarily saved your application. Please save your application permanently to a file if you plan on being away from the online application for more than 20 minutes.

If you would like to save your application data permanently to a file, click the 'Save Application to File' button below. Then click the 'Save' button on the File Download window. Identify a place on your computer to save the application file, browse to that location, and click the 'Save' button on the Save As window. The system will download your application to the specified location. Once the download is complete, click 'Close' to return to this page. When you wish to retrieve and use your saved application, follow the instructions provided on the Getting Started page to upload your saved application file.

Choose one of the following options:

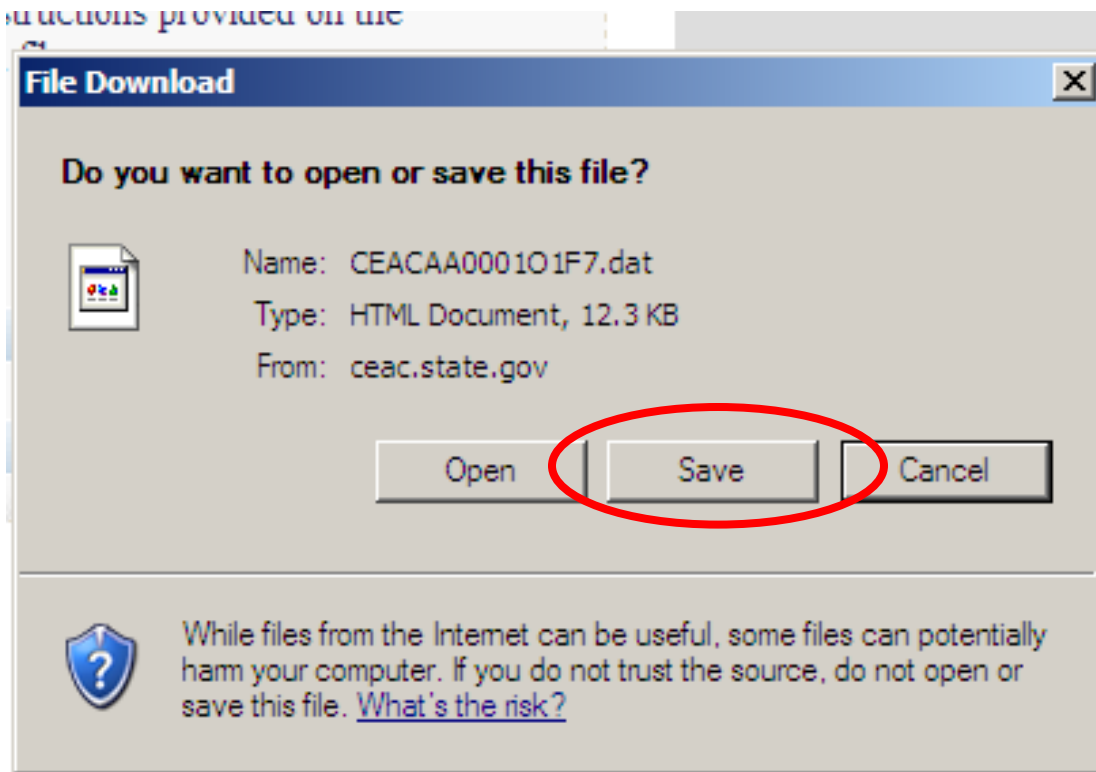

**Save Application to File**    Continue Application

保存申請至文件

Exit Application

Help: Navigation Buttons

3) Click the “Save” button on the dialog box that comes up, as shown below.

4) Save the file on your thumb drive or desktop and click the “Save” button, as shown below.
